

*Keeping you updated...***JUNE BULLETIN**

Last year I cut my long black hair and dyed it brown. It took 45 minutes and presto, I was transformed.

If only transformation for our beneficiaries was that easy. Just desire to leave the streets, make a fresh commitment, resolve to be different, shed a few tears, finish rehab and voila, out comes an empowered ex-drug addict, ex-con woman/man, and a spiritually mature person.

To the contrary, the experience of many of our beneficiaries is not that easy. The decision to just leave the streets is huge and hard. Managing to stay at the center, to finish the rehab process without a single relapse is very challenging. To see our beneficiaries move from one level to another is something we do not take lightly. It is a miracle. As our supporter, this is a beautiful journey that you are part of and once again, we thank you for being part of the amazing things God is doing through us.

**HOPE FOR WINNIE**

Last month, we featured Winnie's story and the miracle of her healing from HIV/AIDS. When we highlighted her story, she was still living on the streets with her new born baby. She has since left and has joined the rest of the women at the Transformation Center.

Currently, she is at Dr. Joe's —our consulting psychiatrist for medical and psychotherapeutic treatment to help her overcome dependency on drugs. Treatment includes counseling by experts, prayer and sharing of experience with others going through the same process through a 12-step program.

We continue to pray for Winnie and her baby. She says that she loves the center and is happy that her baby is no longer sleeping in the cold. There is hope. There is light after a long season of darkness

## AUSTRALIAN FRIENDS OF TANDAZA

Australian Friends of Tandaza (AFOT) have been busy these past months, creating awareness about Tandaza Trust and raising funds for our programs.

Australian Friends of Tandaza Inc. is a not-for profit association registered with the NSW Department of Fair Trading (INC1501526).

On March 24th, AFOTs had the first official sale of Kenyan merchandise. Some of the items that were on sale included bags, mats, jewelry, baskets, cards and table runners. These items were also displayed at Glenmore Park markets , providing unique gift options for shoppers on Mother's day.

Tandaza Trust is blessed to have such amazing friends, who are already making a significant difference in the lives of our beneficiaries.

## REAL TRANSFORMATION

What does a transformed life look like for our ladies at the Center? They say it involves a changed mindset, a renewal in their way of thinking and living. For them, it goes beyond being served and mentored to serving the mission of God's kingdom. And what a revelation that is!

For the past few weeks, the women have been serving in their local church as worship leaders and vocalists. We are excited to see such growth in them. They have moved from a place of receiving to one of giving.

**Hebrews 9:14** ~How much more, then, will the blood of Christ, who through the eternal Spirit offered himself unblemished to God, cleanse our consciences from acts that lead to death, so that we may serve the living God!

# Prayer Requests

## **Thanksgiving**

- ◆ For all our supporters. Those who give their time, money, in-kind gifts (Tandaza Love bags)
- ◆ For Winnie and Susan who left the streets and are both currently going through rehab

## **Prayers**

- ◆ For our beneficiaries who are currently going through rehab. That they may successfully pull through
- ◆ For the beneficiaries who have been at the Transformation Center for a while and are beginning to think of future plans. That God will give them clarity and provide jobs/school/business
- ◆ For our street team as they work in a difficult and dangerous environment. Pray also for street families
- ◆ For T-Tech. Its launch has been facing challenges due to corruption in relevant government offices.
